Scag Power Equipment is owned by Metalcraft of Mayville and manufactures Commercial and Industrial Grade lawnmowers, debris management, and construction equipment. Their line of outdoor power equipment is always expanding, including turf renovation with their Aerstorm aerator, and Turfstorm Spreader/Sprayer.

Scag is "Simply the Best."

In 1961, BlueBird began providing commercial, rental, and residential users with some of the most reliable turf care power equipment in the industry. Bluebird is also owned by Metalcraft of Mayville and is your complete source for lawn, garden, and forestry equipment.

Metalcraft is the parent company of Scag Power Equipment, Metalcraft also manufactures for military, agricultural, and construction industries. In this program, Metalcraft manufactures attachments and buckets for the Jackal creating new uses. New attachments include a mulch bucket, dirt bucket, grapple attachment, a rock attachment to sift through dirt, and pallet forks. Additional attachments are coming in the near future.

Vortexx manufactures hot and cold pressure washers that are the leaders in the industry. Their attention to detail affords the confidence to offer the best warranty on the market. Vortexx offers a variety of accessories including turbo foamers, extending wands for out-of-reach areas, easy coil hoses, and the Tri Surface Pro making ground spraying a breeze among many other accessories.

Since 1987, OTR grew to become a leading integrator and innovator of off-the-road tire and wheel technologies. Their airless NDX tire eliminates the costly downtime from flat tires. Their "Tracks" treads are a game-changer for mini and full-sized skid-steer loaders with different treads for different terrains.
